

The Global Challenge of Japan's Local Region

Gunma's nature, tradition and contemporary society

16-25 July Online Via Zoom, 5-9 August Offline at Gunma University
2024 GUNMA UNIVERSITY SUMMER PROGRAMME

Programme Concept

Gunma prefecture, which has rich beautiful natural environment and specific industries, is located in the center of Japan. However, as well as in other regions in the country, Gunma is confronting many social issues and challenges, such as natural disaster, lifestyle-related diseases. Therefore, in this programme, the participants from all around the world will be invited to discuss those social issues affecting Japan and think about possible solutions by learning Gunma's society, people, natural environment and culture and experiencing new local projects in regional revitalization. As for the courses A, B and schedules, please see application information.

Deadline for Applications

20 March 2024(Wednesday) NO Tuition Maximum Number of the Course Students:30
